EAGLEMONT TRAIL

1-2, 5
Length: .33 mile one way
Location: On South Waugh Road, drive past the Eaglemont Golf Clubhouse (4127 Eaglemont Drive) and turn left on Eaglemont Drive. Go down the hill, and turn left on Beaver Pond Drive. Drive about .6 mile to the turnoff to the picnic shelter on your left (.1 mile past Parkview Lane). Parking is very limited at this site.

Trail Description: From the paved picnic/parking area follow the paved trail to the left where it will become a primitive gravel trail along a water retention pond. Ahead you will see three yellow bollards marking the trail pathway, which winds through beautiful northwest forest, past wetlands and a beaver pond. This trail has a steep section at each end of the natural section.

EAGLEMONT LOOP WALK

1-2, 5
Length: About 1.9 miles
Location: A longer walk that features a loop through Eaglemont neighborhoods and includes the Eaglemont Trail. Because parking is so limited at the trailhead picnic shelter area one option for a longer walk is to park in the gravel parking area across from the Eaglemont Golf Course and Pavilion. From the parking lot turn right on South Waugh Road and left on Eaglemont Drive. Follow directions as above to the picnic shelter/trailhead on sidewalks. Follow the Eaglemont Trail to the end and you'll come out onto a cul-de-sac at the end of New Woods Place. By sidewalk, travel on New Woods Place, turn left on Alpine View Drive following it around and then turn right on Landmark Drive. At South Waugh road turn left and head south to the parking lot. Restrooms are available at the Eaglemont Pavilion.

EAST MOUNT VERNON EAGLEMONT LOOP

1-2, 5
Length: About 4.6 miles
Location: This loop circles around the southeast Mount Vernon hill and takes in the Eaglemont and middle section of the Trumpeter Trails. From the Haggan parking lot head east on Division Street; turn right on South Waugh Road and left on Landmark Drive. Turn left on Alpine View Drive and right on New Woods Place. In the cul-de-sac you will see the yellow trail bollards, which take you onto the Eaglemont Trail. Use caution, as this section of trail is gravel and steep with switchbacks. At the picnic shelter come off of the trail and turn right onto Beaver Pond Drive. Walk up the hill on sidewalks; turn right on Eaglemont Drive, continue past South Waugh Road about .3 miles and you'll come to a dead-end at the Eaglemont Place cul-de-sac. On the right hand side of the cul-de-sac look for the "Native Growth Protection Area" sign and a short primitive connector trail through the woods. You'll come out on Woodland Drive. Turn right and proceed down the hill on the shoulder of North Woodland Drive. At Digby Road turn left and return to walking on sidewalks; Digby Road becomes Section Street. Just past 27th Street you'll see a shared use driveway that turns into the center section of the Trumpeter Trail. Trumpeter Trail will return you back to Division Street and Haggan grocery store. Restrooms are available at Eaglemont Bar and Grill and Haggan.
